

PATIENT INFORMATION

August 2019
In the above month

123 Patients

DID NOT ATTEND
their appointments – this
resulted in

25 HOURS
of wasted medical time
1 hour more than last month
This is very disappointing

If you are unable to keep your appointment please cancel with as much notice as possible as another patient may require it.

Please note if you have opted out of our text reminder service we will automatically opt you in if you did not attend for an appointment.

Thank you.
