

PATIENT INFORMATION

July 2019
In the above month

112 Patients

DID NOT ATTEND
their appointments – this
resulted in

24 HOURS
of wasted medical time
2 hours more than last month
This is very disappointing

If you are unable to keep your appointment please cancel with as much notice as possible as another patient may require it.

Please note if you have opted out of our text reminder service we will automatically opt you in if you did not attend for an appointment.

Thank you.
